A diagram of a metric space with points and distances. The points are represented by small squares. The distances are represented by the Greek letter ∞. The diagram shows a sequence of points connected by lines, with distances labeled ∞ between them. The points are arranged in a way that suggests a path or a sequence of points in a metric space.	A diagram of a metric space with points and distances. The points are represented by small squares. The distances are represented by the Greek letter ∞. The diagram shows a sequence of points connected by lines, with distances labeled ∞ between them. The points are arranged in a way that suggests a path or a sequence of points in a metric space.
